

Kiwanis Respite Program

The Kiwanis Club of Tellico Village Respite (KR) program is a volunteer program founded on the basic Kiwanis values of *service, kindness, and respect*. KR is intended to provide personal relief time and support for Tellico Village caretakers. KR is a small volunteer group of men and women willing to provide needed support for the caregivers. Respite volunteers have no medical experience and will offer no medical advice. KR provides full confidentiality for caregivers. Please understand that KR is limited in its ability to serve all caregivers. KR operates on a "first come, first served" basis and will maintain a "wait-list" of those seeking our service. IF you are a Tellico Village caretaker interested in KR, please contact Chuck Hitch at 408-2531.
